2008 Resolution #2 Submitted by Missoula Chapter
Subject: Communication between BCHA and state organizations

Whereas, The Back Country Horsemen (BCH) is a group of dedicated equine-minded people that was formed in 1973 by a group of horsemen that saw a need to protect the historic use of recreational stock use in America's back country and wilderness; and

Whereas, BCHA is a nonprofit 16,000-member organization that has local chapters in 20 states, and aids state and local chapters to educate fellow back country horsemen about issues impacting recreational stock use, and assists the various government agencies in their maintenance and management of America's back country and wilderness; and

Whereas, Back Country Horsemen is made up of individuals, local chapters, and state organizations that should have input to the national Back Country Horsemen of America (BCHA) organization, such input being delivered to BCHA via each states' two National Board Directors; and

Whereas, On previous actions and decisions, there has been a lack of communication between BCHA and State BCH organizations and local chapters, both of which should be included in any communication process; now therefore be it

Resolved, That the National Board of Directors shall inform all State National Directors of any pending actions or decisions before final action is taken by the National Board of Directors; and be it further

Resolved, That communication in the form of minutes from the National Board of Directors to each State National Director shall be made available to each State's BCH Chapters as soon as possible.
