There will be a photo contest. Members are encouraged to submit photos for this competition.

This year there will be a display table and slide show for clubs to set up. We can put together a chapter display.

**MBCH: Sherri**

No resolutions to consider this year.

What is under consideration is to continue the in-house blasting program to deal with animals who die in the wilderness and need to be blasted.

Sherri representing Mt BCH with Trails Coalition group. Governors staff came and spoke. She had an info sheet that showed that 1.5% of Montana's GDP was attributed to outdoor activities. The only other state close to that was Hawaii.

Ebikes: most of them are used for urban transit rather than on public lands.

### **RAC grants: Tony**

Tony applied on behalf of BCH to do clearing and siteposts in the Elkhorns. He also applied for a couple of other specific trails.

In addition, the club will do pack support on the Continental Divide around Nevada Mountain.

The club applied for \$23,641.34 over a two year period. Of that amount, \$11,820 will be reimbursed with the difference being in kind funds.

It is important to know the exact dates for these trips as everyone's schedules fill up over the summer.

### **Bob Marshall Wilderness foundation packs**

Katy will keep an eye on what gets proposed this year and see if anything comes up that looks good. She will send out an email.

The plan would be to volunteer for an event that does not overlap with the Forest Service needs in our application.

Katy suggests that anyone who sees a good trip on the list should sign up and let Katy know as the trips always go quickly.

Katy hopes these trips can be combined with an extended camping session for members where they can ride out and camp together as a club. Should be a lot of fun!

### **Scheduling**

Neill suggests we should plan on doing a weekend in the Elkhorns for National Trails day which is the first weekend in June.

At the Elkhorns, we arrive at Eagle Guard station on Friday night, work on Saturday, stay over and trail ride on Sunday. It is a lot of fun for all members. We should plan to get into the Gates of the Mountains trails in May if possible. Plus we need recertifications done before we go into these areas.

### **Certifications**

Contact Darlene regarding certifications you may need.

Darlene's info may not be up to date so, if you have new information, let Darlene know.

You need to be certified in Crosscut, Chainsaw and First aid to work this summer if you plan to use a chainsaw and/or a crosscut saw on trail work.

Next meeting is March 4, 2020 MT Wild. Chuck Wittmer will be our speaker.

April Meeting: At the Forest Service office if available.

Freeze branding: May 9 at Horne's.

10 Mile Drivers are doing an event March 14 and are looking for people to sponsor a booth to sell equestrian equipment. It will be held at Floweree.

U of Mt is doing a new program in packing.

Motion to adjourn.

Sherri moved and Lynda seconded.

Unanimous approval.

Minutes respectfully submitted,

Sue Mohr
