**\*\*\* HAPPY LABOR DAY \*\*\*  
MEETING SEPTEMBER 6th.  
7:00 pm MONTANA WILD**

**A brief follow up on the Woods Creek Plank Project.**

**We had a great turn out and everything that was contracted was completed.**

**We had a total of 30 pack animals, 14 riding animals and 25 willing participants and lots of dogs. 13 loads were hauled in on Friday and 17 on Saturday. Bundling and preparing the loads were done by Lucas and his crew with the help of LCBCH members as well as Thomas with MCC (who also helped us load and unload) Mike Cannon and his chain saw headed out ahead of the mule strings to clear the trail from the wind storm we had Friday night.**

**With the kitchen crew we had, no one went hungry. Great breakfast on Saturday morning, lunches provide by 4 future LCBCH members: Peyton, Hailey, Hanna & Maddy, and we had two outstanding dinners. Hats off to our outstanding kitchen crew, Darlene, Debbie, Nicole, Terri and Robyn and all the others that pitched in.**

**When it was time to pack up and leave coffee, breakfast and a lot of BS. By 9:00am we were on the way, We met at 4:00pm at our house to unload and put everything away and called it a job well done!!!**

**The money received from this grant is used to keep this club prepared for volunteer projects and all the necessary operating expenses to continue as an organization.**

**There is more to a project than just packing, getting the food, getting the gear and all the equipment for the weekend involves lots of organizing and preplanning. It also takes a lot of members to pitch in to make the project successful. We had a great group that pulled this off without a hitch. Hats off to all of you.**

**Thanks, Neil**
